Wedding packages

My wedding style is much like my portraiture style. I love to tell a story and I love to watch and let that story unfold naturally. My photographs of your day will reflect this. As well as story telling I'm also happy to take traditional posed shots and I will make sure I will capture all of the best and extra special moments of your big day.

Packages include the following:

- Gift vouchers available to put on your wedding list and help towards the package of your choice or for purchasing items post wedding
 - DVD Slideshow of your images
 - Presentation box with your DVD
 - Gallery of online images in a password protected area
 - A pre wedding visit before your big day to run through your requirements and preferences
 - A pre wedding venue visit to get the lay of the land and light
 - A relaxed and friendly photographer who listens to what **you want** from your special day and captures those special moments forever.
- Deposit of £300 secures your booking for your special day whichever package you choose. Please book as far in advance as you can to make sure I can secure your date.
